Fasting is the willing abstinence or reduction from some or all food, drink, or both, for a period of time. An absolute fast or dry fasting is normally defined as abstinence from all food and liquid for a defined period, usually 24 hours, or a number of days. Water fasting refers to abstinence from all food and drink except water, but black coffee and tea may be consumed.

Major depression significantly affects a person's family and personal relationships, work or school life, sleeping and eating habits, and general health. Its impact on functioning and well-being has been compared to that of other chronic medical conditions such as diabetes.. A person having a major depressive episode usually exhibits a very low mood, which pervades all aspects of life, and an ...
